INTRODUCTION

Sukha and Associates ("S&A") is pleased to present the minimum annual disclosure report for members of the University of Cape Town Retirement Fund ("UCTRF"). The report provides the minimum information that is required to be disclosed to members on an annual basis in terms of the Default Regulations and the FSCA Guidance Note 8 of 2018.

Important notes

All of the data shown for the various measurement periods are as at month end. Performance numbers for periods greater than 12 months have been annualized. Past performance is not necessary a guide to future performance. S&A are dependent on external service providers for information, therefore cannot guarantee the accuracy of any of the figures in this report. S&A does however, conduct reasonableness checks and submit queries to asset managers from time to time to increase the integrity of the UCTRF data. Look-through asset allocation is obtained from the asset managers where available and applicable. No guarantee is provided in terms of the accuracy of the asset allocation and return figures. Returns are sourced from UCTRF's investment administrator, Alex Forbes.

Equity holdings for the following mandates within the Balanced Portfolio were included in the analysis: Allan Gray Global Balanced, Mazi Equity, Abax Equity, Prescient Global Balanced, M&G Global Balanced, Aluwani Global Balanced, Coronation Managed and Catalyst Flexible Property.

The total investment costs are supplied by the underlying asset managers and are calculated in line with the ASISA standard.

Disclaimer

The information in this report is intended solely for the use of members of the UCTRF and must be kept confidential. The information is sensitive and should not be used by any other party without permission from the UCTRF. No guarantee, representation or warranty is given by S&A, and no responsibility or liability, contingent or otherwise, as to its quality, accuracy, timeliness, availability, and completeness of the information provided. S&A does not assume any liability for data that is supplied to us from the UCTRF appointed asset managers or service providers.

Portfolio Objective:	The Balanced Portfolio is a market-linked portfolio with a relatively high exposure to growth assets, which aims to provide a reasonable return relative to inflation over a period of at least 7 years.	The Capital Preservation Portfolio is invested predominantly in money-market and fixed income instruments but also has the ability to include other asset classes or strategies such as smooth bonus funds, hedged equity and offshore asset classes. The capital value of these assets may decline at some points in time, but the focus of the portfolio is on capital protection.	The Shari'ah Compliant Balanced Portfolio is Regulation 28 compliant and designed for members wanting a Shari'ah compliant long-term investment option. The portfolio is diversified by asset class and fund manager and is designed to achieve moderate income and capital growth. The level of market risk taken by the Shari'ah Fund is largely in line with that of the Balanced Portfolio.
