Dear Mr Nkutha

Congratulations on your achievement in the IRFA Lwela Ukwenza Kahle Awards programme

The management board of the Institute of Retirement Funds Africa is delighted to inform you that your retirement fund has achieved the following award in the 2022 programme:-

Award: Bronze Certificate - Main Entry

Please accept our congratulations and those of our awards team and judges. Your achievement is all the more outstanding as this year's "new look" programme has been considerably more rigorous in its entry and judging criteria than ever before. You may rest assured that this award ranks highly in the local retirement sector and on a global scale.

Our moderators and judging panel have advised that the quality of this year's entries are a clear indication of the learnings passed down through the 35 years of the IRFA awards process and the high standards set by the Funds themselves.

We will be holding an online awards ceremony on the 23rd November, open to all members and interested parties and we will be contacting you in this regard in the near future. We would request that any press releases or other communication you would like to circulate in the public domain be held back until after this date.

Once again our sincere congratulations on your outstanding accomplishment.

Very best regards

Geraldine Fowler
